Deadlines for May 2, 2020 Community College Trustee Elections

This memo provides important dates and deadlines applicable to community college's preparing for the May 2, 2020 trustee election. Specific information regarding a college's election procedures may be found in TASB Policy BBB. For additional information regarding elections contact the community college's local counsel, the Texas Secretary of State Elections Division, or TASB Community College Services.

Most of the dates below pertain to a general trustee election. Deadlines for a special election to fill a trustee vacancy may vary from a general trustee election. Some special election dates are included, but a community college holding a special election should contact the college's local counsel, the Texas Secretary of State Elections Division, or TASB Community College Services for more specific guidance.

Deadlines and requirements for voter-approval tax rate elections or bond elections may also be different. Bond elections are addressed in TASB Policy CAD, and voter-approval tax rate elections are addressed in TASB Policy CAI.

Campaign finance deadlines are not included below but may be obtained from the Texas Ethics Commission.

The Elections Division provides a comprehensive election law calendar for each uniform election date. The most important general election dates for community colleges are as follows:

- **Monday, December 16, 2019:** Deadline to post notice of candidate application filing period.
- **Wednesday, January 15, 2020:** First day to file an application for a place on the ballot or declaration of write-in candidacy.
  
  *Note: Filing may begin before the board orders a general election. Community colleges are required to make applications available for potential candidates. The Elections Division offers a sample application.*

- **Monday, February 3, 2020:** Deadline to file with the Secretary of State regarding an exemption from the use of accessible voting equipment. For more information, see the Elections Division's Exemptions from Voting System Accessibility Requirements and Electronic Voting System Procedures.
